DIGITAL EVIDENCE VERIFICATION CERTIFICATE

LAW ENFORCEMENT PRE-TRIAL DEEPFAKE AUDIT RECORD - CONFIDENTIAL

1. EVIDENCE CHAIN OF CUSTODY INFORMATION

Target File Name:	183.mp4
Source File Size:	1384.83 KB
Analysis Timestamp:	2026-07-11 13:01:07
SHA-256 Integrity Signature:	4d0c3fc078a64cbb25282188720b4f13079fe7cee013f6842bf9f77acd8dd03f

2. CLASSIFICATION AUDIT VERDICT

ALERT: GENERATIVE MANIPULATION DETECTED (51.37% Anomaly Rating)

3. EXPLAINABILITY BIOMETRIC ANOMALY VISUALIZATION

The map below illustrates localized anomaly activations generated using Grad-CAM. Hotspots (red/orange zones) represent regions where spatial irregularities and generative boundary peaks deviated significantly from authentic biometric patterns.

4. CHAIN OF CUSTODY & INTEGRITY STATEMENT

This verification certificate guarantees that the analyzed media file matches the specified cryptographic SHA-256 hash. The digital file's hash was calculated immediately upon ingestion, ensuring complete preservation of custody and data integrity. No post-collection modifications or edits have been introduced to the original payload during processing.
